Welcome to the Inaugural Issue of Oshwal College e-Spotlight

From the editor..

I feel honoured and privileged to welcome you to this inaugural issue of e-Spotlight - the Oshwal College Monthly e-Bulletin. In each issue, we will endeavour to feature a selection of news items, informative articles, sports highlights, past and upcoming events and a host of other relevant and entertaining items. I hope that you will find the information contained in this issue both interesting and informative.

On behalf of the editorial committee, I wish to recognize and heartily thank all those who have made it happen and especially those who have contributed to this issue. Surely, this is a good start and I am optimistic the subsequent editions will just get better.

This publication belongs to you readers. It will inform, enlighten, educate and inspire you, and through it you will also do the same to others.

To make it even better, the editorial committee cordially welcomes your suggestions, comments, contributions and feedback for future editions. Let us know what you think of this inaugural edition and the kind of topics you would like to be covered in our future editions.

I wish you a happy reading as you enjoy this edition.

Winners of Mr and Miss Oshwal College 2021 Beauty Pageant Crowned

Fizail Satar and Diya Shah are the winners of this year's Mr. and Miss Oshwal College Beauty Contest that was held at the College on Friday 12th February 2021. Fizail is a second year student studying for BTEC- Business programme while Diya is in her first year of studies pursuing Advancing Business Education (ABE) programme.

Apart from being the face and ambassadors of the college, the duo will take an active role in the coordination of CSR activities as well as spearheading all the social and cultural events in the College.

The event which was held amid pomp and colour also included the valentine day celebrations, which is celebrated annually in College to celebrate friendship and give students an opportunity to bond.

Neer Chandaria

Joint Position 1 in Kenya and 23rd Globally in
ACCA Performance Management (PM) Paper

Nishi Nathwani

Joint Position 1 in Kenya and 23rd Globally in
ACCA Performance Management (PM) Paper

Entrepreneurship and Small Business Certification

Structural changes in the global economies and businesses are taking place continually with varied and numerous effects, involving for instance the realignment of labour markets, emergence of remote working, drop in activity and unprecedented job losses. To mitigate these effects and reduce their impacts, governments and educational institutions have been forced to reinvent their skills development and training programmes. For instance, many institutions have identified skills certification as the best suited solution to these challenges.

With job opportunities likely to continue shrinking globally, it appears the only true dream job is the one you create yourself. With this understanding in mind, Oshwal College launched an industry certification course in Entrepreneurship and Small Business (ESB). The course is offered by Certiport of United States which is a global leading provider of certification exam development, delivery, and program management services.

The ESB course validates a student's understanding of core business principles, including the essentials needed to launch and maintain a successful business venture. Therefore, the skills and knowledge gained in this course will undoubtedly lay a solid foundation upon which candidates can build strong business enterprises which are critical in driving economic growth and creating jobs.

For students who study this course and opt to seek for employment, this is a valuable addition to their CVs. The course places them among the elite in their field, and serves as tangible recognition of meeting their personal and organizational goals. It affirms that they are capable of driving innovation and business growth even in times of declining performance. On the other hand, for those interested in pursuing further studies, ESB serves as a basis for understanding more complex business and management concepts.

The programme covers the entire journey from evaluating your startup idea and selecting financing options to leading and creating the corporate culture. It is therefore designed to activate the entrepreneurial mindset in young people and build their knowledge about business start-ups as well as how to grow sustainable businesses. The course is assessed through computer-based tests and exam using one of the industry-leading digital assessment platforms.

To understand how ESB can give you an edge in starting and running a business, please contact us at: admissions@oshwalcollege.ac.ke or call +254 729 644 691. Enrolment into this programme is currently open.

‘...the only true dream job is the one you create yourself’-Certiport
