# CAREER AND EMPLOYABILITY TALK BY ANDERSEN-KENYA

In today's job market, employers often look for skills that go beyond qualifications and experience when hiring a candidate. It is out of this realisation that Oshwal College organises a series of events and activities throughout the year aimed at improving students' employability skills.

One such event was an employability skills talk by Andersen which was held at the college on 26th August 2021. The talk was aimed at equipping the students with transferable soft skills in order to prepare them for long-term career success after College.
