DATA SCIENCE

The e-Spotlight gives students, faculty, and alumni a peek into what's going on in the college.

Environment club trip to Nairobi Animal Orphanage

On Friday, 8th October 2021, members of Oshwal College Environment Club made a one-day trip to the Nairobi Animal Orphanage. The students learnt about different animal species and how they are taken care of by the animal specialists at the orphanage. With such trips, the College hopes to develop in students a culture of care and passion for animals and the environment in general.
The day was full of fun and adventure. Kudos to the organizers!

All set for the day...

Time for a group photo before embarking on the tour of the Orphanage

"One of the first conditions of happiness is that the link between man and nature shall not be broken."
–Leo Tolstoy

Business management students' talk by Dalquarter Consult Ltd

On 30th September 2021, Dalquarter Consult Ltd conducted a talk for Business management students at Oshwal College. The talk focused on contemporary leadership and management practices, essential workplace skills as well as the challenges faced in the current world of work. The talk will go a long way in helping the students in their post-college life.

Ms. Wachuka Ndei, from Dalquarter Consult Ltd, delivering her presentation

Ms. Anne Njagi, from Dalquarter Consult Ltd, delivering her presentation

"No matter how few possessions you own or how little money you have, loving wildlife and nature will make you rich beyond measure."
— Paul Oxton

DATA SCIENCE TRAINING

Data science is undoubtedly one of the fastest growing professions of the decade, and the demand for data scientists who can undertake complex data analysis and effectively communicate results has never been greater. Oshwal College has always been at the forefront in the development and provision of market-responsive education and training. As a result, on 20th October 2021, the college students got a rare opportunity to learn data science from Ms. Melisa, an information security expert and Ms. Margaret from eMobilis Mobile Technology Institute.

The training focused on the principles of data science, machine learning, data analytics and its current application in the industry.

Opening remarks by the College Principal, Mrs. Jayashree Prathap

OSHWAL COLLEGE HOLDS THE INAUGURAL ICT CONFERENCE 2021

Oshwal College, through the Department of Information Technology, held the inaugural ICT Conference on Thursday 28th October 2021.

Bearing the theme "Turning our homes and workplaces into digital nests", the event brought together leading IT specialists, academicians and students to explore how technology can be harnessed in a secure manner as well as foster preparedness through emerging technologies. The main areas covered during the conference included: the safety of children and the millennials in the digital space; role of Artificial intelligence in creating future-prepared business processes; Generation 'Z', social media and the pandemic; and the anxiety around what next in technology.

The guest speakers were Mr. Paul Karimi-Head of IT Risk, Security and Governance at UAP Old Mutual East Africa and a representative from Communications Authority of Kenya.
